

**Flip frame design  
(can be custom colored)**

**Tensioned springs hold  
banners tight as a drum**

## WALL-MOUNTED FRAME SYSTEM

Get a beautiful framed sign with the highest durability on the market. Easily turn a loose, large-format print into a tight, framed display. Tensioned springs on polycarbonate guides eliminate “waviness” in your banner, completely eliminating sags. BannerStretch can be used both indoors and outdoors—as it will not rust or corrode.

## TOP PRODUCT BENEFITS

- 1 Robust aluminum extrusions
- 2 Flip frame design
- 3 Frame colors include:
  - Silver Anodized (standard)
  - Custom paint in a rainbow of colors
- 4 Creative tensioning system that doesn't require a toolbox to install the banner
- 5 Full length sections to 24' – No frame seams

## FAQS

### How is the BannerStretch frame mounted?

Can be mounted to a solid – complete surface (e.g., a wall of appropriate construction of where the unit is to be mounted).  
Can be mounted to wood, brick, block, metal, EIFS surfaces.

### What is the size that can be manufactured?

BannerStretch can be custom configured to nearly any size up to 10' H x 60' W.  
Exact specifications are available for each frame produced.  
For larger sizes, please inquire about our large format OVIO frame systems.

### Can any substrate be used for the media?

Britten uses a high-quality vinyl for indoor and outdoor applications. Contact Britten to order media at 855.763.8205.

## ARTWORK TEMPLATES
