

OUTDOOR DINING REINVENTED

SERVE MORE CUSTOMERS in your parking lot or at a new location across town. With BoxPop® custom shipping containers, you can be your own contractor and launch or expand your restaurant, brewery or winery without being tied to a brick-and-mortar location or lease. You bring the idea. We handle the rest—design, delivery, and even installation.

- Get a full turnkey design-build experience from start to finish
- Insist on BoxPop® single-trip containers, the best grade shipping container on the market
- Rent or purchase with competitive pricing and lease-to-own options
- One-year warranty on all electrical, plumbing, and structural components
- Available in 10', 20', 40', and double modular units

BOXPOP® 10

Easy to transport. Quick to offload. Sets up fast in the smallest footprint yet delivers plenty of elbow room for your workers and social-distancing customers. Expand your serving capacity into the parking lot outside your current business. Test a new location across town. Our smallest mobile unit strikes a perfect balance of mobility, utility, cost benefit, and space to keep serving long after the competition has run dry.

TECHNICAL SPECS

First Level Floor Space: 10' x 8'

Additional Doors-Down Space: 7' x 8'

Weight: 4,500 lbs.

Standard Features Included: Custom paint system, flip up awning serving window, electrical infrastructure and LED lighting, handwash sink with plumbing rough-in, seamless vinyl flooring, wall insulation and wall panels.

Base Price: \$35,000

Popular Add-Ons: Mechanical cooling and heating unit, exhaust fan, bar equipment package, automatic awnings, misting machines, bar-height seating, sound system, hydraulic lifting feet.

Transport: Full size capacity pickup

BOXPOP® 20

Easy to transport. Quick to offload. Sets up fast in the smallest footprint yet delivers plenty of elbow room for your workers and social-distancing customers. Expand your serving capacity into the parking lot outside your current business. Test a new location across town. Our smallest mobile unit strikes a perfect balance of mobility, utility, cost benefit, and space to keep serving long after the competition has run dry.

TECHNICAL SPECS

First Level Floor Space: 10' x 8'

Additional Doors-Down Space: 7' x 8'

Weight: 4,500 lbs.

Standard Features Included: Custom paint system, flip up awning serving window, electrical infrastructure and LED lighting, handwash sink with plumbing rough-in, seamless vinyl flooring, wall insulation and wall panels.

Base Price: \$55,000

Popular Add-Ons: Mechanical cooling and heating unit, exhaust fan, bar equipment package, automatic awnings, misting machines, bar-height seating, sound system, hydraulic lifting feet.

Transport: Full size capacity pickup

BOXPOP® 40

All the benefits of a brick-and-mortar location without the Main Street overhead. From full-on commercial kitchens for food and wine service to seating options for customers indoors and out. Create an unforgettable space for your customers that represents your unique brand. The largest custom container in the BoxPop fleet delivers a no-limits option that combines mobility, a massive amount of indoor space, and an industrial look that turns heads.

TECHNICAL SPECS

First Level Floor Space: 40' x 8'

Second Level Floor Space: 44' x 8'

Additional Doors-Down Space: 256 sq. ft.

Weight: 11,500 lbs.

Standard Features Included: Custom paint system, flip up awning serving window, electrical infrastructure and LED lighting, handwash sink with plumbing rough-in, seamless vinyl flooring, solid surface countertops, wall insulation and walls panels.

Base Price: \$75,000

Popular Add-Ons: Rooftop deck with stairs, mechanical cooling and heating unit, exhaust fan, bar equipment package, automatic awnings, wall insulation and wall panels, misting machines, bar-height seating, hydraulic lifting feet.

Transport: Large capacity pickup truck (3500 or higher) or Semi-truck and trailer.

BOXPOP® DOUBLE 20

More backbar space. More service windows. More room inside for bartending staff (6-8). Keep pace with large, thirsty crowds with the newest addition to the BoxPop fleet.

Built specifically for three-window bar and taproom service, this hybrid design uses an exclusive clamp-and-seal system to join two 20' containers together. Breaks down for transport. Fits into compact footprints—small parking lots, community parks, downtown districts—where a standard, long 40' container can't.

TECHNICAL SPECS

First Level Floor Space: 20' x 16'

Second Level Floor Space: 24' x 16'

Additional Doors-Down Space: 384 sq. ft.

Weight: 14,000 lbs.

Standard Features Included: Custom paint system, flip up awning serving window, electrical infrastructure and LED lighting, handwash sink with plumbing rough-in, faux-wood vinyl plank flooring.

Base Price: \$105,000

Popular Add-Ons: Rooftop deck with stairs, Mechanical cooling and heating unit, exhaust fan, bar equipment package, automatic awnings, wall insulation and walls panels, misting machines, bar-height seating, sound system.

Transport: Large capacity pickup (3500 or higher)
