BOX POP®

OUTDOOR DINING
REINVENTED

SERVE MORE CUSTOMERS in your parking lot or at a new location across town. With BoxPop® custom shipping containers, you can be your own contractor and launch or expand your restaurant without being tied to a brick-and-mortar location or lease. You bring the idea. We handle the rest—design, delivery, and even installation.

- Get your custom structure delivered in weeks, not months
- Insist on BoxPop® one-trip containers, the best grade on the market
- Rent or purchase with competitive pricing
- Available in 10', 20', and 40' modular units, and custom configurations
- Warrantied for one year

Custom accents, logos & on-brand colors

Electrical infrastructure with lighting

Easy to clean surface to meet health code requirements

Handwashing sink

Locking double-bay doors and pushbutton awning for easy, fast security

Customized kitchen equipment package with triple basin sink

Solid-surface foldable countertops for maximum serving space

Hydraulic feet for lifting unit onto trailer

BOXPOP® 10 EATERY

Easy to transport. Quick to offload. Sets up fast in the smallest footprint yet delivers plenty of elbow room for your workers and social-distancing customers. Expand your serving capacity into the parking lot outside your current business. Test a new location across town. Our smallest mobile unit strikes a perfect balance of mobility, utility, cost benefit, and space to keep serving long after the competition has run dry.

TECHNICAL SPECS

First Level Floor Space: 10' x 8'

Additional Doors-Down Space: 7' x 8'

Weight: 4,500 lbs.

Standard Features Included: Custom paint system, flip up awning serving window, electrical infrastructure and LED lighting, handwash sink with plumbing rough-in, seamless vinyl flooring, wall insulation and wall panels.

Transport: Full size capacity pickup

BOXPOP® 20 EATERY

Meet the Gold Standard of shipping containers sized for full-service wineries, eateries, and mobile taprooms. Delivers twice the space of a food truck at a similar cost. Eye-catchingly cool and infinitely customizable—every square inch, even the roof. Blow the roof off run-of-the-mill wine service with the BoxPop 20, a mobile business platform with a brick-and-mortar feel and open-air comfort for customers looking to avoid cramped indoor spaces and crowds.

TECHNICAL SPECS

First Level Floor Space: 20' x 8'

Second Level Floor Space: 24' x 8'

Additional Doors-Down Space: 192 sq. ft.

Weight: 8,500 lbs.

Standard Features Included: Custom paint system, flip up awning serving window, electrical infrastructure and LED lighting, handwash sink with plumbing rough-in, seamless vinyl flooring, solid surface countertops, wall insulation and walls panels.

Base Price: $60,000

Popular Add-Ons: Rooftop deck with stairs, mechanical cooling and heating unit, exhaust fan, kitchen equipment package, automatic awnings, misting machines, bar-height seating, sound system, hydraulic lifting feet.

Transport: Large capacity pickup (3500 or higher)

BOXPOP® 40 EATERY

All the benefits of a brick-and-mortar location without the Main Street overhead. From full-on commercial kitchens for food and wine service to seating options for customers indoors and out. Create an unforgettable space for your customers that represents your unique brand. The largest custom container in the BoxPop fleet delivers a no-limits option that combines mobility, a massive amount of indoor space, and an industrial look that turns heads.
