

## CONCEAL RENOVATION AND NEW CONSTRUCTION WITH BRITTEN BARRICADES

With the Mallforms™/ALUSETT system—now by Britten—you can build any configuration of modular wall or semi-permanent partition in just minutes. Sturdy, lightweight aluminum framing makes setup safe and easy at malls, office buildings, and construction sites. Together with Britten's limitless printing capabilities, you can create plain white or beautifully branded barricades and temporary walls that are infinitely configurable, customizable, less messy and labor intensive compared to traditional drywall.
