A photograph of a jewelry store's storefront at night. The store has a dark blue facade with the word "CAST" in large, gold, serif letters above the entrance. The entrance consists of double glass doors. To the left of the doors is a large glass display window. To the right is another glass display window. The store is decorated for the holidays with various ornaments, including large blue and red striped spheres, and smaller gold and silver ornaments. A small cart with the "CAST" logo and orange wheels is parked on the sidewalk to the right of the entrance. The sidewalk is paved with light-colored tiles. The overall lighting is warm and festive.
