

## a modern solution for instant barricades & temporary walls.

Sometimes you need some space—create your own with modular temporary walls. Lightweight, intuitive, and efficiently assembled (or disassembled) without specialized tools, this modular wall system is made to respond to an evolving retail environment, business model, or changing workspace.

Available in 2-foot increments (up to 16ft) for standardized formatting, temporary walls can easily conform to the shape or design of your envisioned space. Made from durable material and with reusable application, these temporary partition

walls are a viable and cost-effective alternative to soon-to-be discarded plywood or expensive and labor-intensive drywall. A modular wall system that is ideal for cordoning off construction, reimagining retail space, and shaping a small business or office atmosphere, temporary walls can shape the interior your business requires.

### TOP PRODUCT BENEFITS:

- SETS UP 3X FASTER THAN DRYWALL
- MODULAR, ADAPTABLE, REUSABLE
- NO DUST, NO PAINTING, NO WASTE
