

A ROCK-SOLID ROLL OUT THAT SETS UP IN SECONDS.

Easy to assemble and transport. Sets up in seconds. BannerScroll™ is a stand-alone advertising solution for high-traffic spaces, such as convention center lobbies, tradeshow booths, and retail shopping areas.

Portable as it is strong and durable, it's engineered for fast, easy installation of media that's tensioned perfectly every time. No waves, creases, or sags. Repurpose with a new look by pulling the old banner off and sliding a new one over the standee frame. It's that simple.
