SKYBANNER™ HARDWARE PACKAGE

MADE IN THE
USA

BIGGER. BOLDER. BRANDING SOLUTIONS. / 855.763.8205 / info@britteninc.com

TWO SIMPLE STEPS TRANSFORM A LOOSE BANNER INTO A FINISHED DISPLAY

FrameClip™ removes the need for banner fabrication—essentially eliminating the need for hems and grommets. Each FrameClip is individually adjustable ensuring that your banner stays sag free! FrameClip requires the BannerBar extrusion and frame system. When paired together, FrameClip and BannerBar create a complete banner display system that makes installation and change-outs quick, easy, and affordable.

STEPS

- 1 Snap Frameclips into place on the edge of the banner, every other foot.
- 2 Slide clipped banner into the BannerBar. Frameclip eliminates any need for banner fabrication, hems or grommets. The clamps are individually adjustable - no sags.

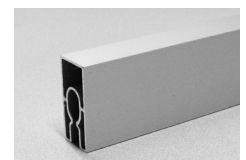

VERSATILE DISPLAY EXTRUSION

ADDITIONAL INFORMATION

BannerBar is an easy-to-use, multipurpose extrusion for custom displays, exhibits, and frames. Easy to transport, assemble and place, this extrusion is ideal for both long and short term displays. Brands across the globe have purchased this solution to display banners on both ceilings and walls.

- **1" Frame:** Anodized silver, available in 14' lengths. Ideal for a finished, framed look.
- **BannerBar I:** Available as anodized silver, or with a mill or powder-coated finish. This 2 1/2" display is our most commonly used bar and is available in 9', 14' and 20' lengths.

Powered by a discreet cabled system mounted in the ceiling

Available in custom sizes to fit any space

REMOTE-CONTROLLED CEILING HOIST

BannerDrop is a revolutionary, remote-controlled banner hoist system that makes installing large-format banners easier than ever.

Powered by a sleek, unobtrusive motor system mounted near the ceiling, BannerDrop accommodates a wide variety of hanging banners and displays.

TOP PRODUCT BENEFITS

- 1 Incredibly strong wire cable with breaking strength of 480 lbs. BannerDrop can lift up to 35 lbs (standard), 140 lbs (heavy duty), or 250 lbs (super duty).
- 2 **Fill nearly any space** with a lift distance of 60' (maximum height).
- 3 Easy to swap out graphics with a 4-channel remote for a **fresh look when you want it**.
- 4 Powered with a 120 VAC @ 60 Hz tubular electric motor.

Voltage	120 VAC input
Weight	20 lbs (9.07 kg)
Warranty	1 year
Patent Number	7,234,685 B2

COMPONENTS

ARTWORK TEMPLATES

Banners provided by Britten Inc specifically for BannerDrop units are referred to as SkyBanners. Upon ordering BannerDrop, appropriate SkyBanner artwork templates will be provided. Standard SkyBanner sizes are: 5'h x 9'w, 8'h x 14'w and 16'h x 14'w. Call Britten for more information.

WARRANTY

Britten, Inc. offers a conditional 1-year warranty against product design and manufacturing assuming proper installation and proper operational conditions. During the warranty period, Britten, Inc. will repair or replace the unit. The warranty only applies to the original purchaser and is in lieu of all other warranties expressed or implied for a period of one year from the date of purchase.

Britten, Inc. will not warranty the following: LABOR associated with the removal or installation of the unit; DAMAGE caused by misuse, neglect abuse, accidents, alterations, corrosive environments, and any other abnormal service conditions. Claims against the warranty must include: pictures of the installation; written description of the problem; and return material authorization issues by Britten, Inc.
