

FenceScrim™

DIGITALLY IMPRINTED FENCE GRAPHICS

Transform plain, existing fence with printed graphics by Britten. The wind-permeable AdMesh technology lets the wind flow and makes for a lighter banner to handle! But fencing isn't the only thing you can cover with our versatile mesh; this wind-resistant, outdoor advertising solution is great for construction, renovation, and events too!

ADDITIONAL INFORMATION

- Multiple weights and fabric options available.
- 30% mesh allows the wind to blow through banner fabric.
- For long-term applications, consider reinforced webbed hems sewn into the banner for added longevity.
- Turn unsightly fencing into a sponsorship showcase!
